The College will determine the equivalency of entry requirements in line with the Regulated Qualifications Framework (RQF).

Equality

The College is committed to promoting equality and fulfilling its responsibilities under Section 75 of the Northern Ireland Act 1998.

Section 75 requires us, in carrying out our functions, powers and duties to have due regard to the need to promote equality of opportunity between persons of different religious belief, political opinion, racial group, age, marital status or sexual orientation; men and women generally; persons with a disability and persons without; persons with dependants and persons without.

In addition, without prejudice to the obligations above, in carrying out our functions we are required to have regard to the desirability of promoting good relations between persons of different religious belief, political opinion or racial group.

Equality considerations are central to our policy processes. The main aim of Section 75 is to make sure that Equality is at the core of everything we do.

Students with disabilities and/or additional learning support needs

The College will assess and provide all reasonably practicable support to ensure that a student with a disability is not placed at a substantial disadvantage in comparison with a student who does not have a disability. Students will be provided with a range of opportunities to disclose their additional support needs and every disclosure made will be followed up on by the Learning Link team at the College.

In accordance with the Special Educational Needs and Disability Order (NI) 2005 and the Disability Discrimination Act 1995, careful and sensitive screening of the needs of the individual student will be made to assess the support/reasonable adjustments required to enable them to carry out their learning within the resources available to the College.

Students must provide relevant and up-to-date documentary evidence and/or supporting information in relation

to their additional needs, in order to permit reasonable adjustments to be made and additional support to be put in place. Students will be advised of the nature of the documentary evidence required as soon as possible and generally during preliminary discussions with the Learning Link team.

The College is committed to making reasonable adjustments for learners within certain boundaries. Reasonable adjustments ensure that as far as is practicable, a student with additional needs has the same access to the curriculum and services as other students. The following factors will be taken into account when considering reasonable adjustments:

- The need to maintain academic standards
- Health & Safety
- Financial resources available and cost
- The relevant interests of other stakeholders, including other students
- Practicality
- The effect of the impairment on the individual student
- Other aids or services available/funding

While the College will endeavour at all times to meet the needs of students with learning difficulties and disabilities, parents/carers and other stakeholders must accept that there may be occasions when College provision is unable to address the needs of that student.

For further information please contact our Learning Link team on learninglink@nwrc.ac.uk or by calling 02871 276024. We are also fully subscribed to '[AccessAble](#)'.

International Students

The College holds a Student Sponsor Licence (previously known as Tier 4), meaning we can enrol students from outside the UK & ROI, known as International Students. The College will seek to remain compliant with the UK Visa & Immigration Point Based System. We welcome applications from International Students to full-time level three or above courses which lead to a level six qualification (Ofqual qualification).

The Points-Based System will work in the interests of the whole of the UK, including Scotland, Wales and Northern Ireland. We will maintain the Common Travel Area (CTA) arrangements between the UK, Ireland and the Crown Dependencies (Isle of Man, Guernsey and Jersey) after the end of the transition period. The Points-Based System will be a fair system, because we will treat people from every part of the world equally. The College can accept Biometric Residence Permit and EU Settlement Scheme as evidence. The International Office will be in touch to confirm what proof of immigration would be required to prove right to study.

If English is not your first language, you will need to demonstrate that your written and spoken English is adequate for the programme that you want to study. Most International Students submit scores in the British Council IELTS test, although alternative tests are acceptable. They must all have been taken in a Secure English Language Test Centre – [Prove your English language abilities with a secure English language test \(SELT\) - GOV.UK \(www.gov.uk\)](#) Entry requirements can be found on the following website [Student visa : Knowledge of English - GOV.UK \(www.gov.uk\)](#)

In order to be accepted you must meet all the conditions that are updated on <https://www.gov.uk/student-visa>

Common Travel Area (CTA)

The Immigration and Social Security Co-ordination (EU Withdrawal) Bill clarifies the immigration status of Irish citizens and confirms there will be no change to their rights to freely enter, live and work in the UK without requiring permission. There will continue to be no routine immigration controls on journeys from within the CTA to the UK, with no immigration controls whatsoever on the Northern Ireland – Ireland land border. The Government will continue to work closely with CTA partners to facilitate legitimate travel within the CTA while tackling abuse of these arrangements.

Disclosure of Criminal History

As part of the application procedure a Safeguarding Assessment process is mandatory for all students that have disclosed previous and or pending convictions. The College would like to confirm that engagement in this process does not automatically restrict a student from securing a place within the College. Students that disclose a criminal history will be required to complete a Basic or an Enhanced Access NI check. This will depend on the nature of the course they have applied for. All students applying for a course that requires work placement in regulated activity will be required to complete an Enhanced Access NI check. The College is committed to processing Criminal Record Checks in accordance with the Access NI Code of Practice which is available on the Access NI website or alternatively a copy can be requested from Student Services at the College. It is important to note however that the conditions of a student's offer are subject to the satisfactory checks and assessment having been complete in line with the NWRC Policy on the Disclosure of Criminal History available online

www.nwrc.ac.uk/policies.

If previous convictions are not disclosed at the point of admission and the College learns or is notified retrospectively this may result in a student being required to leave the course. Depending on the course, there may be occasions whereby a current/previous conviction may preclude a student from engaging on a particular course. When this is apparent, the College shall discuss this with the student in full and alternative options and alternative courses of academic study will be provided via the College Career's Academy. Contact Information: Email careers@nwrc.ac.uk; Telephone 02871 276111.
